

# Lowell City Parking Garage

Lowell, MA

## ThinkLite®

ReThink. ReLite.

### Before

- 36W T8 fluorescent
- Uneven light distribution

### After

- 18W LED T8
- Eliminated dark spots

**SAVED**  
**109,440**  
kWh/YEAR

**SAVED**  
**\$25,556**  
Per Year

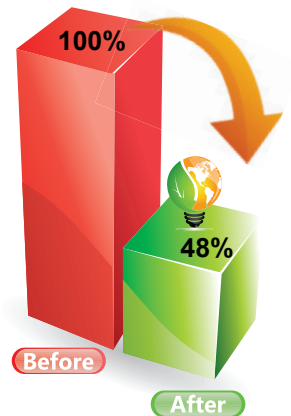

**1.30**  
Year Payback after Rebates

### Avg. Monthly Electricity Consumption (kWh)

### Avg. Monthly Cost of Lighting ( % )

This project helped reduce  
Air Pollution by  
**166,349**  
Lbs. of CO2/Year

Which is equivalent to  
planting  
**1,939**  
Trees/year

Which is equivalent to  
removing  
**15**  
Cars from the Road/Year

ThinkLite was the best choice for this project because they are the only company with a retrofit solution that allows us to keep the existing fixtures and swap out the T8 fluorescents while producing significantly more light than the current lighting. To replace a fluorescent tube that was out previously required a significant amount of labor, let alone the fact that we would have to take sections of the garage out of service to replace bulbs. That has all been eliminated thanks to the ThinkLite solution.
